5-7 April 2022

2ND ASEAN ENVIRONMENTAL LAW CONFERENCE

Transforming Principles into Practice

ASEAN faces many pressing environmental and social challenges that require multilayered and innovative responses. This Second ASEAN Environmental Law Conference aims to bring together ASEAN and non-ASEAN experts to share stories of successes and failures and examine potential legal, policy and community-based actions to transform principles of environmental law into practice. The Conference will also aim to foster networks and collaborative approaches to environmental problem-solving.
